# Aurelia's Garden

The Story of the Garden of Aurelia

### *"Health from Water"*

*Spa* - from the Latin - a single, almost mystical syllable we have come to associate with tranquility and well-being. Why? Consider the lure of a tropical island, an ocean cruise, a riverboat ride, or a simple warm bath. For as long as man has been on earth, the water - the source of all life - has held for him this promise of tranquility and well-being. In fact, consciously or not, your knowledge of the rejuvenating powers of the water (the sea) was one reason that drew you to this little island.

### *Aurelia's Garden*

of the ancient East and West, characterizes Aurelia's Garden, the Central Samui's Spa. The ancient Romans knew the benefits of Spa treatments. The Thai have long been world renowned for the gifts they bestow with their supreme art of Siamese massage. Add to this intoxicating cocktail a long and valued tradition for solicitude and service with a smile, and you have the Aurelia's Garden experience.

Finally, consider how nature has blessed Thailand with such an abundance of flowers, plants, herbs, and spices, many of which we know contain beautifying and health-giving essences, and which form the basis for many of the products used in our treatments.

## *Oil Massage*
